● MANISH BANDLISH, MD, MOTHER DAIRY FRUIT & VEGETABLE

# 'Supplies of milk have improved since March'

Organised players, including Mother Dairy and Amul, hiked milk prices multiple times in the last one year citing higher fodder cost, robust demand and lower production due to lumpy skin disease. However, rains in recent months have improved green fodder supplies, giving a boost to milk supplies. Manish Bandlish, managing director, Mother Dairy Fruit & Vegetable, says that sales will grow at 15% in the current financial year, almost at the same pace of the previous year.

In terms of sales turnover, we achieved ₹14,500 crore in the last fiscal. In the last two financial years, we grew 16% (FY23) and 20% (FY22). In the current fiscal also, we are looking at a sales growth of around 14-15% 15%

to the March situation, the situation is reasonable and comfortable in terms of milk supplies.

As milk and milk products constitute a major chunk of your business, any sales target for the current fiscal? In terms of sales turnover, we achieved

Have milk supplies improved because of adequate monsoon rains in key producing regions in west and northern regions?

Due to recent rains, the pressure on green fodder supplies has eased compared to last year. It reached around ₹15/kg which now dropped to ₹8-10/kg depending on the region. The pressure on farmers in getting fodder is less now. Since March, the milk supply situation has drastically changed. The situation was grim and most of the dairy companies were struggling on commodities, especially fat (ghae), and there were discussions on the possibility of imports of dairy products. Everybody was facing a crunch of commodities. Since April, because of the weather, the milk availability in some of the regions of the country, especially north and west, has been much better than anticipated. Because of that, compared

₹14,500 crore in the last fiscal. In the last two financial years, we grew by 16% (FY23) and 20% (FY22) on year. In the current fiscal also, we are looking at a sales growth of around 14-15% 15% compared to previous year. Milk and dairy products have a share of more than 70% in the overall business. The rest of our business focuses on Dhara brands of edible oils and Safal stores, which sell fruits, vegetables and other products. We source annually 0.2 million tonne of pulp of fruits and vegetables. We process corn, peas, mango pulp and jerkin. We want to increase investment in food processing.

Do you plan to expand the number of Safal outlets?

We are not aggressive in terms of expanding Safal outlets. We are upgrading infrastructure in these booths and we are giving a new look into our outlets. We are also looking at initiating home delivery from our fruits and vegetables booths. Out of 300-odd Safal booths, we have upgraded 100 outlets. We are investing in keeping fruits and vegetables fresh. We are also supplying to corporates and other institutional buyers such as Maruti as well as Taj group of hotels.

Are you looking at expansion of the edible oil brand, Dhara, and launching new products?

We are looking at the Dhara brand as one of the growth pillars. Our agenda for the Dhara brand of edible oil is to focus on indigenous categories such as groundnut and mustard oil as far as possible. We also sell soybean edible oil, a chunk of it is imported. We want to invest in more value-added products in Delhi and the NCR regions. We have pipelines of new dairy products such as custard, range of breads and related products over the next couple of months as demand increases.

## Norms for signages on highways

PRESS TRUST OF INDIA  
New Delhi, July 21

THE GOVERNMENT ON Friday issued guidelines for signages on expressways and national highways to enhance the safety of commuters.

The fresh guidelines, approved by Union minister for road transport and highways Nitin Gadkari, focus on further improving road safety by incorporating best practices and global standards to offer improved visibility and intuitive guidance to drivers, the

Ministry of Road, Transport and Highways (MoRTH) said in a statement.

"MoRTH has reviewed the provision of signages as per relevant IRC (Indian Road Congress) codes and guidelines, existing practices prescribed in various international codes as well as information and functionality perspective to ensure better compliance of traffic regulations," it said.

The guidelines are designed to offer drivers clear and concise guidance, warnings, notices and regulatory

information, facilitating a seamless and safe journey, the ministry noted.

Some of the features of the guidelines include prioritising enhanced visibility of road signages through placement at appropriate height/distance, large lettering, symbols and short legends for quick comprehension of drivers, ensuring crucial information is readily visible and understandable, even in adverse conditions. Pictorial representations will be accompanied by text to convey essential messages effectively.

% change on year

SANDIP DAS  
New Delhi, July 21

MONSOON RAINS in the last two weeks have bridged the deficit in sowing of kharif crops that persisted since the early-June start of the season.

According to agriculture ministry data, 73.3 million hectare (MH) has been covered under the kharif crops by Friday, a 1.2% increase on year. A week ago, there was a 4.2% gap. Thanks to rains over north-west, central and southern parts of the country in the last fortnight, paddy transplanting has been up by 2.7% on year. A week ago, it was lagging by 9.8% and the gap was as high as 24% a fortnight ago.

At present, only Jharkhand (-4.5%) and Bihar (-4.1%) are reporting deficient rainfall. Rest of the key paddy producing states - West Bengal, Telangana, Chhattisgarh and Odisha - have received adequate rainfall in the last one week.

Ministry officials that total kharif area sown till now is around 67% of normal kharif sown area of 109 MH. "The sowing activities have picked up pace in the last couple of weeks," an agriculture ministry official told FE.

Sowing of pulses - tur, urad and moong - is lagging by 9.8% on year so far while

the area under oilseeds, including groundnut, soybean and sunflower, is currently up 3.3% on year.

While sugarcane planting is up by 5% on year, the area under coarse cereals such as maize, bajra and ragi has increased by 4.8%.

Sowing of cotton, a cash crop, is marginally less than a

year ago. Officials said sowing of crops would continue till the end of the next month. The harvesting season begins from October 1.

Meanwhile, according to the India Meteorological Department (IMD), the cumulative rainfall is 3% more than the benchmark - long period average (LPA) - on Friday.

The met department has said 66% of the 717 districts have so far received normal or excess rainfall while the same was deficient and scanty in the remaining 263 districts.

Rainfall in the southern peninsula and east and north-east regions have been 13% and 22% below the LPA so far. However north-west India and central India regions have received 41% and 11% more rainfall than LPA respectively.

The IMD had predicted extremely heavy rainfall to continue over Konkarn, Madhya Maharashtra, Gujarat, Telangana, Chhattisgarh, Vidarbha and Odisha over the next two days.

The met department on June 30 predicted 'normal' rainfall for the month of July, when around 40% of the monsoon precipitation typically occurs.

Last month, the government had hiked the minimum support prices (MSP) of the key kharif crops for 2023-24 season (July-June) by 6-10.4%, the highest increase since 2018-19. The MSP for paddy, the key kharif crop, is fixed at ₹2,183/quintal, up 7% on year. India's foodgrain production rose by 5% on year to a new record of 330.5 MT for the 2022-23 crop year, according to the agriculture ministry.

## Customs seizes foreign currency worth ₹10 crore at Delhi airport

CUSTOMS OFFICIALS ON Friday made the 'biggest ever' seizure of foreign currency, worth over ₹10 crore, from three Tajikistan nationals at the international airport in Delhi, according to an official statement.

The accused were intercepted by the officials when they were proceeding to board

a flight to Istanbul. The detailed examination of their baggage and personal search of the passengers resulted in the recovery of foreign currency (\$7,20,000 and ₹4,66,200), equivalent to ₹10,06,78,410, from them, said the statement issued by the customs department.
